[RZ16-0090 Public Comments](#)

Carl Westmoreland spoke on behalf of the Applicant while requesting a 60 day deferral which was the Applicant's specific request.

Citizens speaking in opposition of this rezoning included David Couchman, Ronda Smith spoke for Don Huffner (Roberts Dr. Homeowners Association), Ronda Smith (Sandy Springs Council of Neighborhoods) and Trisha Thompson. These citizens spoke to the issues of traffic, parking, and concern regarding redevelopment of the strip mall.

Members of the Planning Commission had questions regarding what would a 60 day deferral accomplish. The Commissioners pointed out the length of time this Rezoning request from the Applicant has lingered while now asking for deferral while also making note of the negative feedback from the community. Commissioner Haggard spoke to the approval of the Next 10 plan when this process was started while having concerns this specific redevelopment would be a detriment to the area. He also expressed commitment to stay pure to the Next 10.

Commissioner Johns voiced his concern that Stream did not deliver on this proposed redevelopment and proposed voting tonight, moving forward without further uncertainty for another 60 days per the Applicant's request for a deferral. Commissioner Johns moved to support Staff's Recommendation to deny the Rezoning request. Commissioner Settles seconded this motion with the motion passing by a voice vote, 5-0-0.

2. 001502

3. 001503

RZ16-0103

1170 Hightower Trail

Request to rezone from R-2 to C-1 to allow office use with concurrent variance.

[RZ16-0103 Final Package](#)

Marc Lefkovits, Lefko Properties, LLC, the Applicant, addressed the Planning Commission to detail the request to rezone to be consistent to neighboring properties and in line with the current land plan and the Next 10 future land plan. The property has been used in the past as an office and for overfill parking. This is part of a broader redevelopment.

During discussion of the request, Commissioner Settles had questions for Staff related to the single light fixture issue. Commissioners Johns and Porter expressed views of how the rezoning would clean up the property and enhance the value of the property. Members of the Planning Commission further clarified some details of the request with Mr. Lefkovits. Commissioner Maziar expressing the City has a plan for that streetscape not the property owner with Commissioner Settles also commenting that the street light might encourage others to install without waiting on the City. Commissioner Haggard also commented on the sidewalk being disturbed if granting the request; the streetscape is not the owner's responsibility. Overall the Planning Commission desired to follow policy.

Commissioner Settles made a motion to accept the application for concurrent variance request from Section 12.B.4. c.1 from the Zoning Ordinance...Commissioner Settles stopped her motion that was not followed by a second. Vice Chair Porter moved to follow Staff's Recommendation on the request with Commissioner Settles seconding the motion which passed in a voice vote, 3-0-2, Commissioners Porter, Settles, and Maziar voting in favor while Commissioners Haggard and Johns opposed the motion.
